If you have not updated your desktop or mobile client, you will have the choice to update or join via a browser.
- Your device must have a working camera and microphone/audio, and you will need a high speed internet connection. You will see and hear the teacher on your device screen and the teacher will be able to see you in order to provide corrections and feedback.
- Invitations (web links) for admission to all classes and events will be password protected.
- Only enrolled students will be admitted into our virtual classrooms. Students will pass through a Zoom waiting room so that the teacher can validate their status. PYB will disable the recording for all attendees, and "spotlight" view will be turned on so that the teacher fills the screen.
